## A Few Words from our President

I'm sure you would all agree with me that the Club has had a really good year with lots of members enjoying many great adventures organised by the committee.

The number of active members, those regularly turning out, has increased hugely in the last couple of years and that's a great thing. Some of our local day walks have seen numbers we hadn't seen for 20 years. This expansion has been due to an active recruitment campaign and word of mouth; after all, we are a very welcoming and friendly club. We cover many areas of Scotland on our weekends and the May Week which gives access to many hill lists! I'm also delighted by the numbers that turn out to our winter series of talks although the speakers we get are always highly entertaining. My last 6 years as President has been such a great time for me, especially working with such an amazing committee. However, it's time to step down now and hand over to someone else with just as much enthusiasm for the club as I have. When I helped to found this club 47 years ago I had no idea it would still be going so strongly today and I'm very proud of it. I'll stay on as Indoor Meets organiser as I'm hanging in for 50 years on this terrific committee!

Roger Owen  
President

## Day Meets

---

**The following should be treated only as an outline of the Day Walks, full details will be posted on Spond nearer the time of the event**

**January Saturday 17<sup>th</sup> Organiser Paul Yarnold**

### **Creag nan Gabhar (Corbett)**

**OS Landranger Map: Sheet 43 Braemar and Blair Atholl**

**Start point: Auchallatar Car Park at Grid Ref- NO 156882**

**Pay & Display car park (£3.50p), coin only. Note; this car park is owned by Invercauld Estate and is not free to NTS members**

**Distance from Stonehaven to start point: 58 miles.**

**Drive time from Stonehaven to Start Point: 1hr 30min**

**Walk distance: 13km.**

**Estimated duration: 6 hours.**

**Ascent 570m**

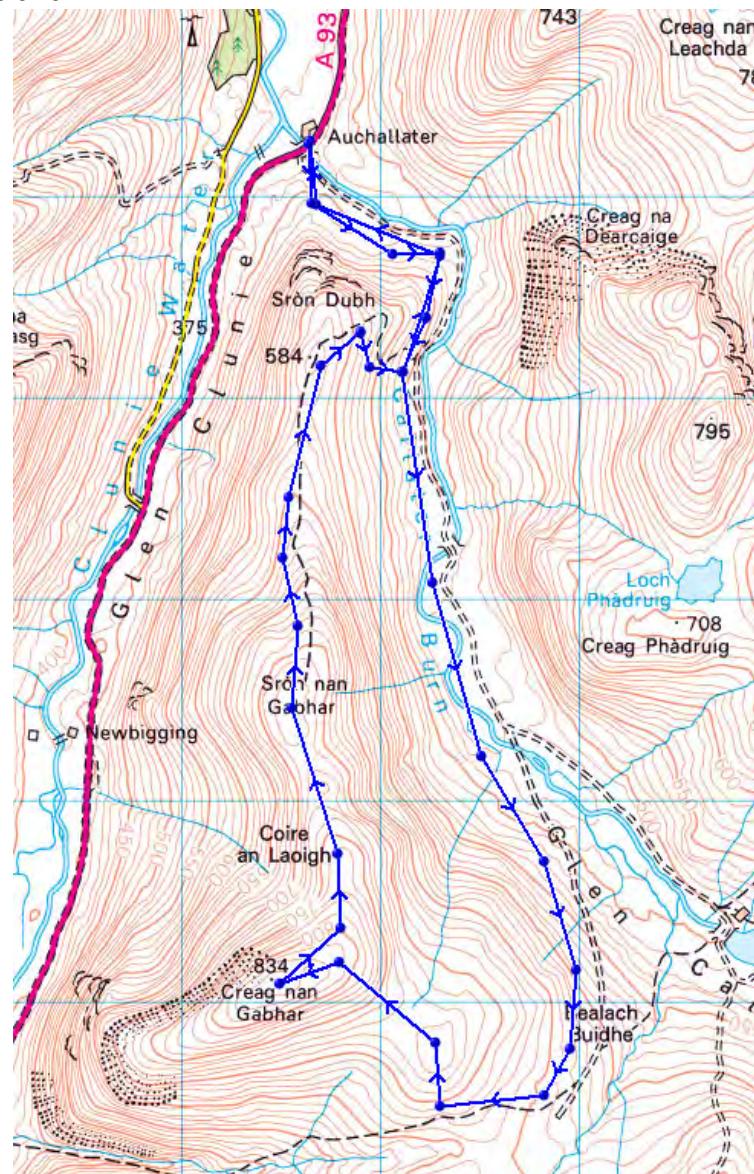

Creag nan Gabhar with a height of 834m qualifies as a Corbett.

It is situated approximately 9km due south of Braemar. The walk will start just off the main A93 road at Auchallater, just south of the bridge over the Callater Burn where there is parking, however there is a charge, coins may be required. Our route will go south up Glen Callater for approximately 5km before heading west to the bealach and turning north to the summit of Creag nan Gabhar, continue north to Sròn nan Gabhar and take the path down the shoulder, south then east into Glen Callater and back to the car park.

**February Sunday 15<sup>th</sup> Walk Organiser Paul Yarnold**  
**Dinner Organiser Anne Sinclair**

**Bennachie Circular Walk followed by,  
Dinner at No 44 Hotel and Bar, Stonehaven**

**OS Landranger: Map Sheets 37 Strathdon & Alford and 38 Aberdeen**

**Start Point: NJ 698216 Bennachie Visitor Centre**

**Distance from Stonehaven to Start Point: 33 miles**

**Drive time from Stonehaven to Start Point: 45 mins**

**Walk Distance: 14km**

**Estimated Duration: 4 hrs 30 mins**

**Ascent: 612m**

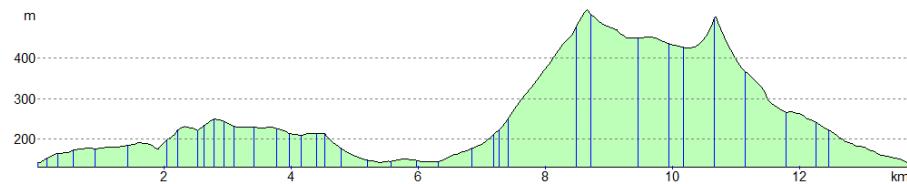

The proposed route is 14km, however there will be ample opportunity to shorten the walk for those who want a shorter day as the area is generally well pathed.

The route will depart the car park to the NNW following the track for 2.5 km towards Maiden Castle. At the track junction take the west path for approx. 500m. Take the path that runs NW for 250m then continue straight ahead and stay on the path as it follows the contours roughly west as it routes towards Nursery Cottage. Stay on the track here as it runs north and joins the track junction at Horndoyne. From here follow the track to the junction at Hilford Croft, then take the track/path south to head up the hill towards Oxen Craig summit at 528m.

If the going is good there's the option to head west to take in Watch Craig summit at 493m before rejoining the route at Oxen Craig.

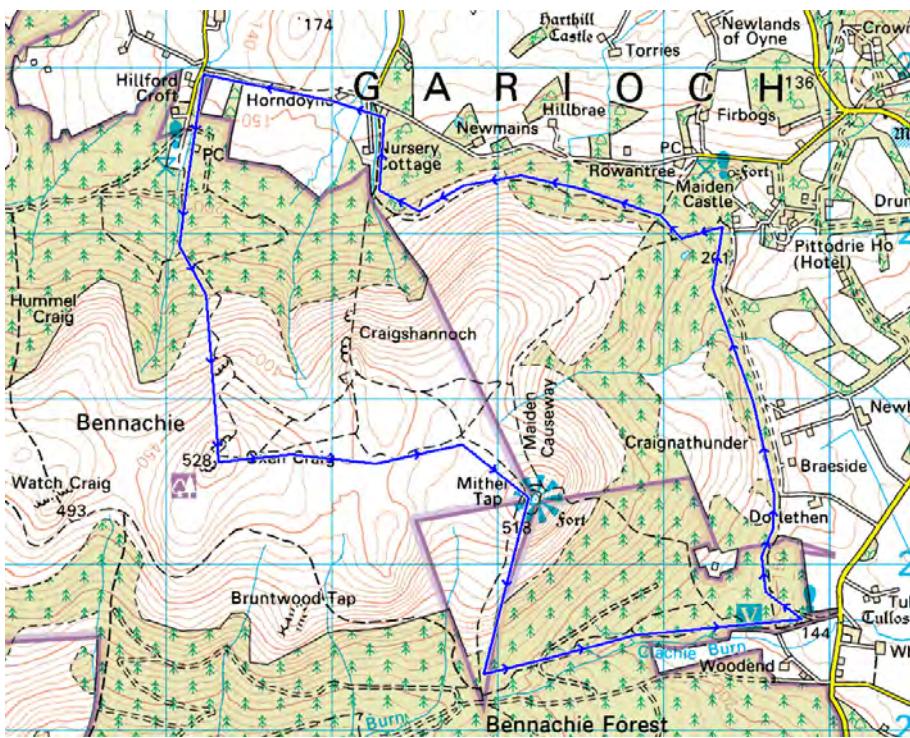

From Oxen Craig head east for 2km to summit Mither Tap at 518m, from Mither Tap take the path running SSW for approx 1.5km, at the path junction take the path running east back to the Visitor Centre.

### Bennachie from Visitor Centre

**April Saturday 18<sup>th</sup> Organiser Willie Morris**

**Bridge of Dye to Cairn o' Mount Viewpoint walkthrough via Clachnaben and the Corbett, Mount Battock**

**OS Landranger: Map Sheet 44 Ballater & Glen Clova and Sheet 45 Stonehaven & Banchory**

**Start Point: Glen Dye car park NO648867**

**End Point Cairn o' Mount viewpoint NO650805**

**Distance from Stonehaven to Start Point: 21 miles via Slug Road**

**Drive time from Stonehaven to Start Point: 40 minutes**

**Distance between Start Point and End Point 7km**

**Walk Distance: 27km**

**Estimated Duration: 9hrs**

**Approximately Ascent: 1220m**

**Glen Dye to Cairn o' Mount walkthrough**

From the car park head west to the summit of Clachnaben and on westwards via Hill of Edendocher and Hill of Badymicks to the summit of the Corbett, Mount Battock. From there head roughly south east to the Hill of Saughs and down the shoulder until we meet the path down Glen Dye, take the path for approximately 6km to Charr. cross the Water of Dye by the bridge, head south on the track for 2½km to Old Hangy Burn. From there we head cross-country east to the summit of Cairn o' Mount and the nearby Viewpoint where the pre-positioned vehicles will return walkers to the Start Point.

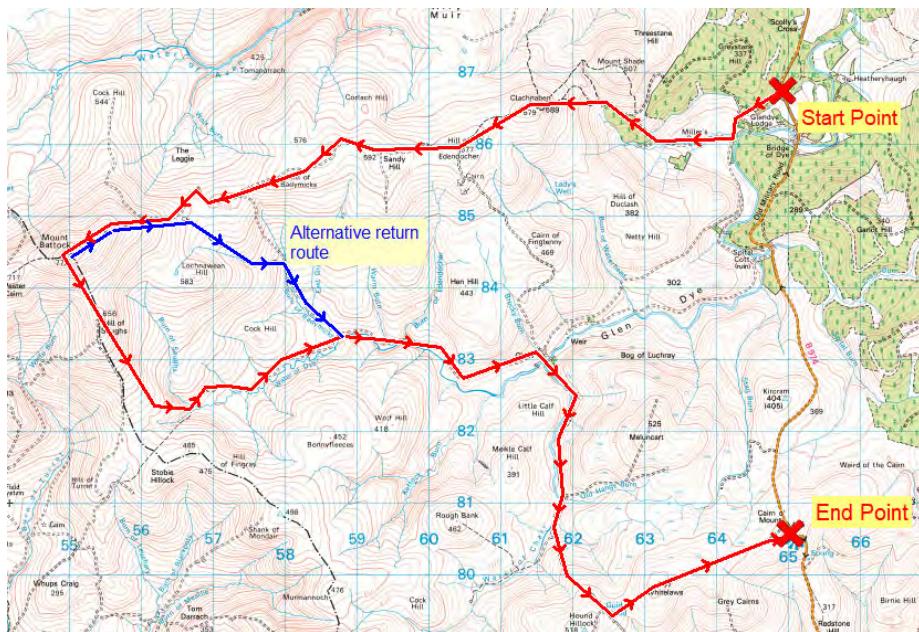

The old Bridge of Dye built in 1680 is one of the oldest remaining bridges in the north east of Scotland

### **Glen Lyon Four Munros:**

**Munros Carn Gorm, Meall Garbh, Carn Mairg  
& Meall Na Aighean.**

**OS Landranger Map: Sheet 51, Loch Tay and Glen Dochart**

**Start point: NN655478 lay-by approx 1.5km west of Invervar**

**Distance from Stonehaven Square to start point: 100 miles**

**Drive time 2hrs 30min**

**Walk distance: 18.5km**

**Ascent: 1345m**

**Estimated duration: 10 hours**

This is a great opportunity to bag four Munros in one walk. The car park in Invervar is now closed and the road for 1km either side of the village has been designated a Clearway; stopping only allowed in an emergency. The nearest parking is now in a lay-by on the south side of the road 1km west of the village. Because our walk is planned for a Sunday when there are likely to be other walkers using the car park we may wish to consider an earlier start and obviously keep the number of vehicles to a minimum.

This can be debated on Spond nearer the time.

From the car park walk east back to the village, head north through a gate signposted Lint Mill, follow the track north to the edge of the forest then head west up the flank of Carn Gorm to its summit 1029m. Proceed northeast to the summit of Meall Garbh, circle round to the top of Carn Mairg, at 1042m the highest point on the circuit. Follow an indistinct path southeast then south to the bealach, from there the path climbs south to the Meall na Aighean summit ridge. Descend from Meall na Aighean via a path down the west ridge to pick up a stalkers path on the east side of Allt Coire à Chearcaill, continue on the stalkers path till you meet the track alongside the Invervar Burn, follow this south to the village, turn right on the road and back to the lay-by.

#### Carn Gorm, Meall Garbh, Carn Mairg & Meall Na Aighean

Total distance approximately 18.5km

August, Saturday 15<sup>th</sup> Walk Organiser Paul Yarnold

#### Braeriach (Munro) from Sugarbowl Car Park, Cairngorm

OS Landranger Map: Sheet 36 Grantown & Aviemore

Start Point: Sugarbowl Car Park at Grid Ref. NH 975073

Distance from Stonehaven to Start Point: 100 miles

Drive time from Stonehaven to Start Point: 2 hours 30 mins

**Walk Distance: 19.5km**

**Estimated Duration: 6 – 7 hours**

**Ascent: 1410m**

At 1296m Braeriach is the 3<sup>rd</sup> highest mountain in Britain and of course a Munro.

Arguably the finest of the Cairngorms, reaching its vast summit plateau requires a long approach walk. It is situated in a truly wild place with a vast range of dramatic and beautiful corries situated around the plateau.

Our walk will start at the Sugar Bowl Car Park situated on the road from Glenmore up to the Ski Centre at Grid NH 975073 where reindeer may be seen in an enclosure nearby.

From the car park seek the path on the bend in the road heading due S and cross the nearby burn and stay with the path as it winds its way in a SW direction towards the steep sided rocky ravine the Chalamain Gap. From the gap descend into the Lairig Gru. crossing the iconic Lairig Gru the path continues WSW climbing the spur to the E of Coire Gorm towards the summit of Sròn na Lairige at 1184m. Passing the summit, (or climb if you wish) continue SW around the corrie edge to summit of Braeriach at 1296m. If the weather gods are kind the views and the scenery are amazing.

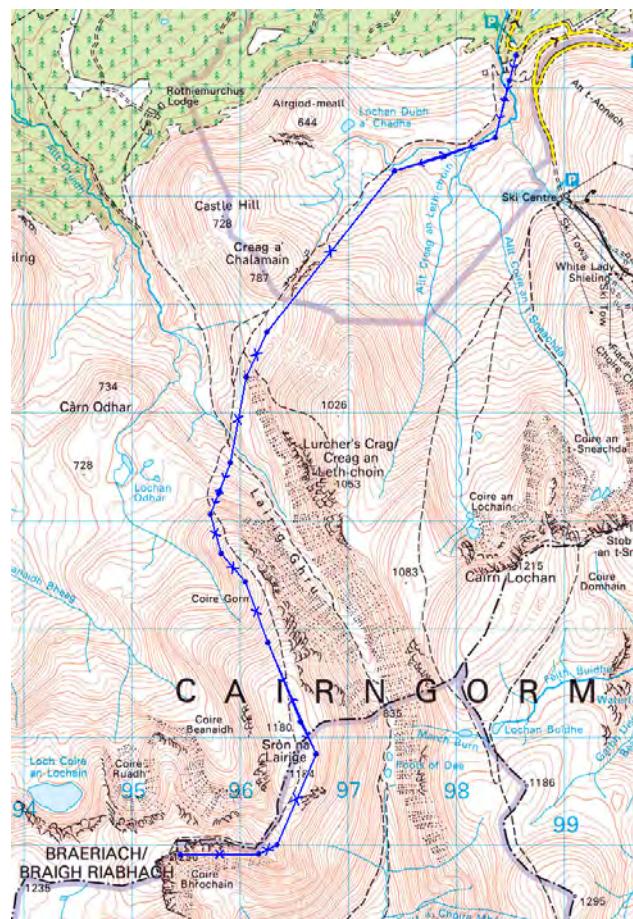

The return route is the reverse of the access route.

### **Mona Gowan (Goat Moor)**

**OS Landranger Map: Sheet 37 Strathdon & Alford**

**Start Point: NJ 334103 Car parking opposite track to Culfork NB there is only parking for approx. 4/5 cars so car sharing is encouraged.**

**Distance from Stonehaven to Start Point: 52 miles**

**Drive time from Stonehaven to Start Point: 1 hour 30 mins**

**Walk Distance: 15.5km**

**Estimated Duration: 4-5 hours**

**Ascent: 591m**

Mona Gowan is a little known hill on a long open moorland ridge west of the better known Corbett, Morven.

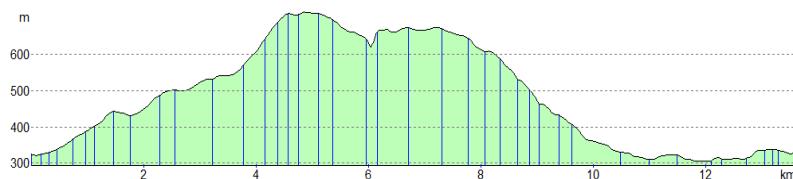

At 749m it is classified as a Fiona. The objective is to summit Mona Gowan with the option of return along the outward track, or, if the day is going well return via the spectacular Slacks of Glencarvie a glacial notch which may offer interesting scenery.

From the start point follow the minor road east for approx. 600m past the first track to the right and on to the corner of the minor road where a track through the wood winds its way up towards Gallows hill. Stay on this track passing Meikle Charsk Hill to the east continuing to the summit of Mona Gowan at 749m. From here there is the option of returning via the access route or continuing ESE to the Slacks of Glencarvie where there is an opportunity for some easy scrambling. From The Slacks head east to Mullachdubh at 681m, from here head north to pick up the track and path towards Birkford. From Birkford follow the track passing The Mains of Glencarvie to join the minor road west back to the Start Point.

The Slacks of Glencarvie are probably the result of glacial outflow, however an old folk tale tells that the witch Cailleach Bheathrach bit away part of the hill in an attempt to get the Don to flow into the Dee! In The Slacks are Wilson's Castle a rocky outcrop which local folklore associates with an outlaw who used it as his lair and Smugglers Cave, used in the old whisky smugglers route from Donside to Deeside

### **Carn na Drochaide (Corbett) Circular Walk**

**OS Landranger Map: Sheet No. 43 Braemar & Blair Atholl and Sheet No. 36 Grantown, Aviemore & Cairngorm Mountains**

**Start Point: NO116909 Linn of Quoich car park**

**Distance from Stonehaven to Start Point: 64 miles**

**Drive time from Stonehaven to Start Point: 1 hour 45 mins**

**Walk Distance: 11.5 m**

**Estimated Duration: 4 hours 30 mins**

**Ascent: 509m**

To get to the Linn of Quoich car park continue past the Linn of Dee car park and follow the road east to its end at the Linn of Quoich car park, where there is parking for approximately 12 cars.

There is a 'Pay and Display' charge of £5 for using this car park, members of the National Trust for Scotland park for free.

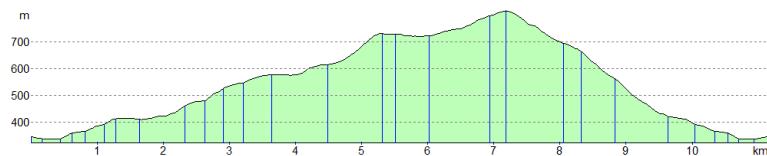

By necessity this is a fairly short walk as the days are short in December.

Cross the Quoich Water to the East and locate the track on the East side which climbs NW towards Carn Na Criche. After approx. 3km leave the track continue on to the Carn Elrig Mòr/Carn na Criche bealach then east to Carn na Criche, alternatively, climb its SW spur to the summit.

From the summit of Carn na Criche traverse the ridge to the SE and ascend to the objective of Carn Na Drochaide. From the summit take the SW spur and descend down to the original track to cross the Quoich Water and back to the Car Park.

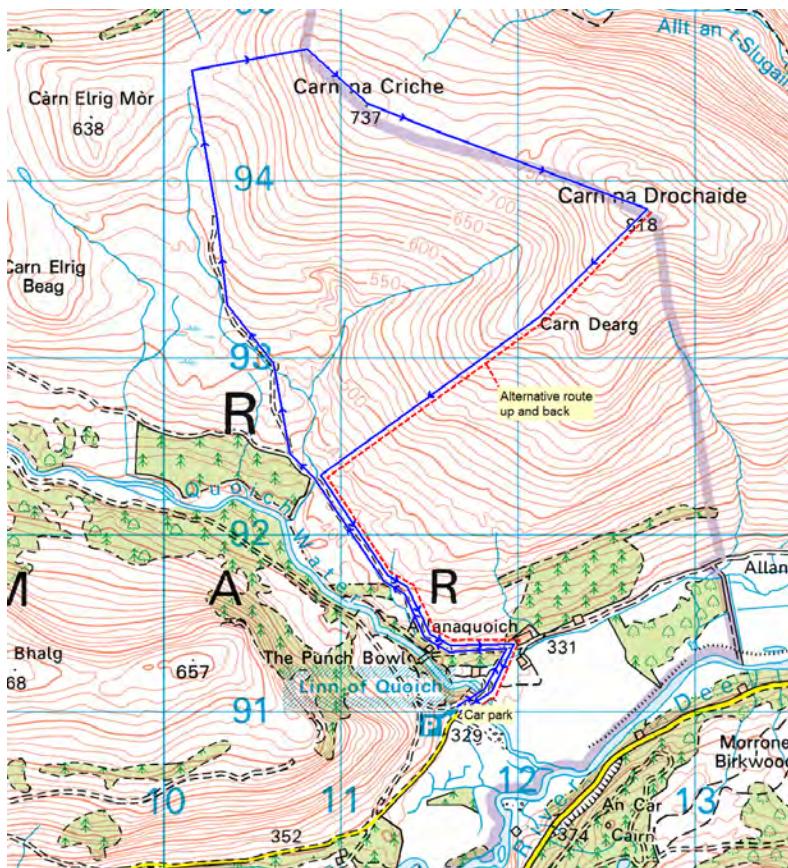

A shorter version of this walk, if conditions are poor is a direct ascent of Carn Na Drochaide with a return using the same route as detailed in red on the attached map.

## Travel Costs for Day Meets

---

The mileage rate for 2026 is being held at 25p/mile; however this is reviewed by the committee as required and at the AGM.

Mileage from Stonehaven to walk start point will be included in the walk description in the programme and posted on Spond prior to the walk.

Cost per participant will depend on distance from Stonehaven to the walk start point and the number of participants. Number of vehicles should be kept to a minimum to keep costs down and minimise pollution.

The following examples should help clarify the cost calculation.

### Example 1

9 members meet at Stonehaven Square, all the cars available are capable of carrying its driver + 3 passengers therefore a minimum of 3 cars are needed. 2 cars have 4 occupants each; the 3<sup>rd</sup> car only has its driver.

Distance to start point is 100 miles, thus total mileage for meet is 200 miles

Total cost per car = Total miles x Mileage rate	$200 \times 25p =$
	£50.00

Total cost of travel = Cost per car x Number of cars	$£50 \times 3 = £150.00$
--	--------------------------

Each member pays; Total cost ÷ Number of members	$£150 \div 9 = £16.66$
--	------------------------

Each driver receives; Total cost ÷ Number of drivers	$£150 \div 3 = £50.00$
--	------------------------

### Example 2

12 members meet at Stonehaven Square, and divide into 3 vehicles. Distance to walk start point is 32 miles, therefore total miles to be driven is 64.

Member X goes directly from home to start point pays nothing to kitty and receives no payment

Member Y picks up member Z in Aberdeen and they travel direct to start point. Driver Y and passenger Z must decide between themselves how much the passenger will pay to the driver.

For the members leaving from Stonehaven;

Cost per car = Total miles x Mileage rate	$64 \times 25p = £16.00$
---	--------------------------

Total cost = Cost per car x Number of cars	$£16 \times 3 = £48.00$
--	-------------------------

Each member pays; Total cost ÷ Number of members	$£48.00 \div 12 =$
	£4.00

Each driver receives; Total cost ÷ Number of drivers	$£48 \div 3 = £16.00$
--	-----------------------

**Kinloch**

**Isle of Rum**

**PH43 4RR**

**OS Map Sheet 39 Rum, Eigg, Muck & Canna**

**Isle of Rum**

**Kinloch, Isle of Rum**

Rum is the largest of the Small Isles group and is home to around 30 people who live in or around the hamlet of Kinloch, links the mainland are via CalMac ferry operating from Mallaig.

The main range of hills are known as the Rum Cuillin, two of these hills Askival and Ainshval are Corbett's with Trailval ranked as a Fiona (Graham).

In 1888 the island was bought by the Bullough family who built Kinloch castle using red sandstone quarried in Annan in the Borders, the house boasted an orchestrion, air conditioned billiard room and a jacuzzi, it was the first house in Scotland outside Glasgow to have electricity. The family mausoleum modelled on a Greek temple is located on the south-west coast.

Rum is home to red deer, ponies, feral goats and Highland cattle. It is noted for its birdlife with one of the world's largest breeding colonies of Manx shearwater. White-tailed sea eagles re-introduced in 1975 now have a successful breeding population of around 80.

The bunkhouse has a range of accommodation from 6 and 4 bed dormitories to twin rooms, bed linen is provided but bring your own towel.

Two kitchens are fully equipped with cookers/ovens, toasters, microwave, utensils and crockery etc.

There are 5 toilets and 6 showers with separate male/female facilities.

The comfortable lounge with views of the bay is equipped with a log burner and a good supply of books, board games etc.

Occupants of the eco-cabins do not have access to the bunkhouse facilities and should bring their own sleeping bags.

There is an excellent WiFi connection.

## Hill Bagging

---

Most club members are working on the popular pastime of bagging hill groups, the most common being Munros, Corbetts, Grahams (Fionas) and Donalds. These lists are maintained by the Scottish Mountaineering Club who occasionally promote or demote hills to/from the various lists.

### 2025 Completors

We had two Completors in 2025, congratulations to both of them.

Sandra Steel finished her round of Munros

Beinn Dorian

Well done Sandra

Willie Morris completed the Corbetts

## SMHC Constitution and Policies

---

The function and operation of the club is formalised in its Constitution and Policies, these are routinely reviewed by the committee and can be found in full on the club website in the folder 'About the Club', subdivided as follows;

a)	Constitution	Explains in detail the rules governing the management and day to day operation of the club
----	--------------	--

b)	Financial Policy	This sets out the club's aims and commitments to the management of the financial activities of the club
c)	GDPR	Explanation of the club's adherence to the national General Data Protection Regulations
d)	Equality and Diversity Policy	Details the SMHC's aims and commitments to equality, diversity and inclusion
e)	Fuel Policy	Clarifies the workings of the travel charges for Day Meets

## Affiliated Memberships

---

### Mountaineering Scotland

Currently the club pays £26.75/member/annum for this.

In return each member gets;

- a) £15m liability insurance
- b) 4 printed issues of Scottish Mountaineer magazine/year
- c) Monthly online newsletter
- d) Discounts from retailers, accommodation etc
- e) Subsidised mountain skills courses
- f) Access to mountaineering huts
- g) Volunteering opportunities

### North East Mountain Trust

NEMT is an umbrella organisation representing the environmental interests of mountaineers and hill-walkers.

### OATS (Outdoor Access Trust for Scotland)

OATS is an environmental charity promoting sustainable public access. They develop, build and repair paths, mountain habitats and trailhead facilities while conserving and protecting the natural heritage.

SMHC's contribution is to carry out regular surveys of our adopted path and report any failings to OATS who will arrange any necessary repair work.

Nick Hocking has volunteered for this role.

## **Administration of Day Meets**

---

Mountaineering Scotland advises that the following terms should be used as best practice for clubs organising walks

### **Terms used in arranging club Meets**

<b>Walk Organiser</b>	This will usually be the committee member designated Day Walk Organiser. They will be responsible for deciding the Meeting Point, Start Time, Spond and WhatsApp chatlines In the event the Day Walk Organiser cannot attend then
-----------------------	---

	he/she will advise the Committee and an alternative Walk Organiser will be nominated
<b>Walk Coordinator</b>	This person in agreement with the Walk Organiser will be in charge of the actual walk, responsible for the control of the walk, navigation, any change of route and conduct of the walkers. He will be an experienced walker preferably with knowledge and experience of the walk area and will appoint any number of deputies he considers necessary for the circumstances, terrain, weather, number of walkers etc
<b>Meeting Point</b>	The place where walkers should congregate for vehicle allocation, this will normally be Market Square Stonehaven, or Mackie Academy car park. This will be decided near the event time by the Walk Organiser and announced to the participants on Spond or WhatsApp
<b>Meeting Time</b>	The time that walkers should be at the Meeting Point
<b>Start Point</b>	Point where the actual walk will start, this will usually be a car park and drivers not going via Stonehaven should congregate there
<b>Start Time</b>	Time when the actual walk will start. This will normally be Meeting Time plus time taken to drive to Start Point. This is the time independent travellers should be at the Start Point

## Personal Risk on the Hills

---

### Mountaineering Clubs of Scotland advises;

Club members should be left in no doubt as to the risks involved in climbing, hill walking and mountaineering, their responsibilities for their own safety and that deciding to rely on more experienced members is part of the risk they accept

### UIAA

#### Union Internationale des Associations d'Alpinisme

#### (International Climbing and Mountaineering Federation) state that;

Climbing, hill walking and mountaineering are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement".

### In a nutshell;

Individual club members are ultimately responsible for their own safety on the hills.
